

**INTERREG VB 2014-2020**

**Übersicht über den vorläufigen Stand der Prioritäten und spezifischen Ziele**

*Hinweis: Im Folgenden sind thematische Schwerpunkte genannt, auf die sich die Programmverantwortlichen vorläufig geeinigt haben. Änderungen sind noch möglich.*

**I. Übersicht nach INTERREG Programmen**

INTERREG V B	Prioritäten und spezifische Ziele							
<b>Baltic Sea Region</b>	<b>Capacity For Innovation</b>		<b>Efficient Management Of Natural Resources</b>		<b>Sustainable Mobility</b>		<b>Institutional Capacity For Macro-Regional Cooperation</b>	
	Research and innovation structures	1a	Clean Waters	6b	Interoperability of transport modes	7b	Seed money	11
	Smart specialization	1b	Renewable energy	6g	Accessibility of remote areas and areas affected by demographic change	7b	Coordination of macro-regional cooperation	11
	Non-technological innovation	1b	Energy efficiency	6g	Maritime safety	7c		
			Resource-efficient blue growth	6g	Environmentally friendly shipping	7c		
					Environment friendly urban mobility	7c		

INTERREG V B	Prioritäten und spezifische Ziele				
<b>Alpine Space</b>	<b>Innovative Alpine Space</b>	<b>Low Carbon Alpine Space</b>	<b>Liveable Alpine Space</b>	<b>Well Governed Alpine Space</b>	
	Improve the framework conditions for innovation in the Alpine Space 1b	Establish trans-nationally integrated low carbon policy instruments 4e	Sustainably valorise Alpine Space cultural and natural heritage 6c	Increase the application of multilevel and transnational governance in the Alpine Space 11	
	Increase capacities for the delivery of services of general interest in a changing society 1b	Support low carbon mobility and transport solutions 4e	Enhance the protection, the conservation and the ecological connectivity of Alpine Space ecosystems 6d		

INTERREG V B	Prioritäten und spezifische Ziele					
<b>North West Europe</b>	<b>Innovation</b>		<b>Low Carbon</b>		<b>Resource &amp; Materials Efficiency</b>	
	To enhance innovation performance in NWE through international cooperation	1b	To reduce GHG emissions in NWE through international cooperation on the implementation of low carbon, energy or climate protection strategies	4e	To optimise (re)use of material and natural resources in NWE through international cooperation	6f
			To reduce GHG emissions in NWE through international cooperation on the uptake of low carbon technologies, products, processes and services	4f		
			To reduce GHG emissions in NWE through international cooperation on transnational low carbon solutions in transport systems	7c		

INTERREG V B	Prioritäten und spezifische Ziele							
<b>North Sea Region</b>	<b>Thinking Growth – Supporting Growth in North Sea economies</b>		<b>Eco-Innovation: Stimulating the green economy</b>		<b>Renewable North Sea Region – Continuing to lead on sustainable growth</b>		<b>Green Mobility – Leading the way in sustainable transport and logistics</b>	
	Develop new or improved knowledge partnerships between businesses, knowledge institutions, public administrations and end users with a view to long-term cooperation (post project) on developing products and services	1b	Promote the development and adoption of products, services and processes to accelerate greening of the North Sea Region economy	6g	Demonstrate new and/or improved methods for improving the climate resilience of target sites	5a	Develop demonstrations of innovative and/or improved transport and logistics solutions with potential to move large volumes of freight away from long-distance road transportation	7c
	Enhance regional innovation support capacity to increase long-term innovation levels and support smart specialization strategies	1b	Stimulate the adoption of new products, services and processes to reduce the environmental footprint of regions around the North Sea	6g	Develop new methods for the long-term sustainable management of North Sea ecosystems	6d	Stimulate the take-up and application of green transport solutions for regional freight and personal transport	7c
Stimulate the public sector to generate innovation demand and innovative solutions for improving public service delivery	1b							

INTERREG V B	Prioritäten und spezifische Ziele							
<b>Central Europe</b>	<b>Cooperating on innovation to make Central Europe more competitive</b>		<b>Cooperating on low carbon strategies In Central Europe</b>		<b>Cooperating on natural and cultural resources for sustainable growth In Central Europe</b>		<b>Cooperating on transport to better connect Central Europe</b>	
	To improve sustainable linkages among actors of the innovation systems for strengthening regional innovation capacity in central Europe	1b	To develop and implement solutions for increasing energy efficiency and renewable energy usage in public infrastructures	4c	To improve integrated environmental management capacities for the protection and sustainable use of natural heritage and resources	6c	To improve planning and coordination of regional passenger transport systems for better connections to national and European transport networks	7b
	To improve skills and entrepreneurial competences for advancing economic and social innovation in central European regions	1b	To improve territorially based low carbon energy planning strategies and policies supporting climate change mitigation	4e	To improve capacities for the sustainable use of cultural heritage and resources	6c	To improve coordination among freight transport stakeholders for increasing multimodal environment-friendly freight solutions	7c
		To improve capacities for mobility planning in functional urban areas to lower CO2 emissions	4e	To improve environmental management of functional urban areas to make them more liveable places	6e			

INTERREG V B	Prioritäten (TOs) und spezifische Ziele (Noch keine Prioritätsachsen und spezifische Ziele festgelegt)			
<b>Danube</b>	Strengthening research, technological development and innovation	Protecting the environment and promoting resource efficiency	Promoting sustainable transport and removing bottlenecks in key network infrastructures	Enhancing institutional capacity and an efficient public administration
